

Stoppested

Omlagt busstrafik

Omlagt biltrafik

Kys og kør og TAXI

Mulig placering af terminalfaciliteter

Scenario 4 variant af 3.

Ny bygning over Tingvej - Tingvej forlægges mod vest ved udvidelse af Tinghallen - Busser og lette trafikanter føres under en 1 sals forbindelse. Biltrafikken får omkørsel via Rødevej - Ensretningen på vejen mellem Tinghallen og Fotorama vendes.

A detailed map of a section of Viborg, Denmark, illustrating proposed traffic changes. The map shows a network of streets including Vævervej, Indre Ringvej, Stadion Alle, and Rødevej. Key locations marked include VIA University College - Campus Viborg, Viborg Stadion Center, and Viborg Kirkegård. The map features several overlays: blue lines representing bus routes, with 'Linje 1, lokal-, regional-, X-busser' and 'Linje S2' specifically labeled; red lines indicating rerouted car traffic; blue 'P' icons for bus stops; yellow circles representing taxi and pickup/drop-off zones; and yellow ovals indicating potential terminal facilities. Arrows show the direction of traffic flow for the proposed changes. The map is sourced from Google Maps.
