

Viborg Søndersø

An aerial photograph of the Viborg Søndersø area. The map shows a large lake (Søndersø) in the upper center. To the left is a dense residential area. To the right is a mix of fields and some buildings. A white dot marks a location on the eastern edge of the residential area, near the lake. A white line points from the label 'Søndersøvej 86' to this dot. Another white line points from the label 'Ansøgt byggefelt' to a small white square on a field to the southeast of the dot. Other labels include 'Bruunshåb' to the east and 'Rindsholm' to the south of the proposed building site.
